Anna,

Map package has both layers in it. See if it suffices.

Please let me know if you have any GIS info this map. Otherwise, she can just plot the lat/long.

Hi Greg, Anna, and Melissa,

I'm looking through the 2010 trash TMDL files and can't find the GIS data for sampling locations in MD. Do you happen to have these shapefiles and can you send them over? I'm looking for these locations, which correspond to the following data:

Table 6. Ounces of trash/acre at Maryland stormwater outfall drainages
